

Maintenance guide

A Par-ky floor is very easy in maintenance. Directions will be given further in this document A good follow up of our advice will lead to an extended lifetime of your Par-ky veneer floor. Some tips:

1. A good start ensures a better finish.

The installation instructions emphasize the importance of some precautions to ensure a longer lifetime of your Par-ky floor. These precautions include:

- Put pieces of felt under the chairs
- Put parquet wheels under office chairs and in case of very intensive use, a protection mat under the chair.
- Put a doormat if the floor is installed at the entrance. The little stones which stays on your shoes might cause small scratches. For this, it is important to wipe your feet before stepping on the Par-ky veneer floor.

2. Clean your Par-ky floor weekly with our special developed Par-ky cleaner. Our maintenance product provides your floor from an additional protective layer which makes your floor shine longer. Read carefully the instructions on the bottle before using the Par-ky cleaner.

3. We advice to use our Seal Spray when little scratches appear on the Par-ky floor. This spray is an additional layer of lacquer which seals the scratch and makes sure that dust doesn't enters the scratch. Only use the Par-ky seal spray because our spray adheres very well to the existing lacquer. Read carefully the instructions on the bottle before using the Par-ky seal spray.
